

Rates and Charges Financial Hardship Policy

Department/Unit	Rates and Revenue	First Implemented	March 2003	Review Date	March 2026
Origin	General Manager Business & Economic Development	Reviewed	Dec 2023	Version	6
Authorising Officer	Endorsement by Council	Effective From	19 March 2024	TRIM Reference	E698

Purpose/Objective

The purpose of this Policy is to provide a standard process of receiving and considering applications for the deferment and/or waiver of rates and charges (including interest and other related charges) in accordance with Sections 170 and 171 of the Local Government Act 1989 and the *Local Government Amendment (Rating and Other Matters) Act 2022*.

As a general rule the preferred outcome, subject to consideration of the application, will be to defer rather than waive payment.

Policy Statement

Council is committed to providing a range of assistance options with respect to rates and charges, as allowable under Sections 170 and 171 of the *Local Government Act 1989* and the *Local Government Amendment Act 2022*.

There are several options available to persons seeking to apply for rate relief due to financial hardship or other defined circumstances, including:

- ▶ Payment arrangements;
- ▶ Deferment; and
- ▶ Waiver.

In general terms, waiving of rates or special charge scheme contributions is not considered to be appropriate in providing relief. However, each case shall be judged on its merits and in accordance with the mode of application, and the exceptional necessitous circumstances which may apply – e.g. complete loss of a property due to a fire.

Nothing contained in this policy precludes an offer to an applicant for consideration to defer if an application for a request to waiver rates or charges is denied.

Mansfield Shire Council | Rates and Charges Financial Hardship Policy

Whilst each case must be judged on its merits and on the responses set out in the formal application, the following criteria and considerations should also be the basis of a standard approach:

- a) The payment of the rates and charges would cause hardship to the person (Section 170 of the Act).
- b) Financial hardship should relate to what may be considered reasonable and consistent financial management relating to an average individual or family household operation.
- c) Specific circumstances of:
 - employment difficulties
 - family violence
 - additional costs and hardship relating to ill health
 - financial hardship resulting from causes beyond the ratepayer's control.
- d) The objective of this policy is to assist those persons who genuinely require or would benefit from relief rather than to encourage unnecessary applications.
- e) The applicant/s will be provided the opportunity to attend an interview with Council's nominated Financial Counsellor and that officer's comments may form a part of the report to the Management Team.

Exclusion

This policy does not cover Council's ability to provide rate and concessional benefits pursuant to Section 169 of the *Local Government Act 1989*. Accordingly, rating agreements and special consideration on economic development are specifically excluded.

This policy does not cover, include or relate to the waiver of that part of the rates and charges subject to or pursuant to the States Concessions Act 1986 (i.e. pensioner concessions).

Time frame for lodging applications

No time frame for lodging of applications for rate relief has been included as it is considered that financial and necessitous circumstances or undue hardship can occur at any time.

Rates and Special Charge Scheme contribution to remain a charge on properties in certain circumstances

In certain circumstances it is sometimes necessary for a confidential report to be placed before Council to outline the reason why rates or charges (including special charges) on a particular property should remain as a charge with interest accruing, until such time as the property will be sold in the future.

These circumstances can apply to absentee owners who may be overseas, complex legal situations involving estates or the winding up of businesses or companies, or the inability of a property owner to act due to adverse health circumstances.

Eventually the Council will recover all accrued rates and interest charges once the property is offered for sale.
